**Blood Cancer
United**
Student Visionaries
of the Year

**Blood Cancer United
was built on that
same vision of a
better world – one
without blood cancers.**

Student Visionaries of the Year is a philanthropic leadership development program through which highly motivated, high-school leaders embark on a journey of professional growth, fostering professional skills such as entrepreneurship, marketing, and project management all while working to raise as much as possible for Blood Cancer United's mission. These tenacious young changemakers fundraise for Blood Cancer United in honor of blood cancer survivors. The titles Student Visionaries of the Year are awarded to the candidate teams who raise the most funds in their community during the 7-week competition.

Visionaries look
to the future
*and see infinite
possibility.*

They challenge
the status quo
*and make the
impossible possible.*

They boldly imagine
a better world
*and lead the charge
to create it.*

Mission

Boldly imagine a better world and lead the change to create a future free of blood cancer in support of the Blood Cancer United mission to cure blood cancers and improve the quality of life for patients and their families.

“This campaign gave me hope that we each can make a difference and it was remarkable to learn how many people are touched by blood cancer and want to contribute to this cause. Together, we were able to make an impact and support research that is saving lives and will bring us closer to a cure.”
